

Barb, Sue and Ed could be called the "Haiti Trio" this month!

As you know, Ed was at Haiti Health Ministries (HHM) last week (pictures below).  
[Sue leaves tomorrow and Barb leaves next week Saturday.](#)  
Yes - three separate installations in Haiti this month!

We are grateful to the Lord for bringing Sue and Barb as field trainers for WWLAB - and having them here together for training was a rare and special treat!

Sue will bring a new analyzer and additional training to the lab staff at Real Hope for Haiti.  
Their website is <https://realhopeforhaiti.org>  
She will return on the 20th.

Barb will set up a lab for Every Eye Will See Him Ministries' Cathy Pearson Memorial Clinic.  
She will leave on the 26th and return July 2.  
There is more information about their work at [www.eewsh.org](http://www.eewsh.org)

Ed's reported that there was a lot going on at HHM in the 4 days he was there.  
The training went well.

The lab

Patients needed transfer by helicopter to hospitals on 3 of the 4 days.  
They are very thankful for this wonderful service provided at no charge to the country!  
In the background you can see housing across the valley.

We are grateful for your prayers for all of us!
